Marketplace Connecticut
Spring 2012

Marketplace Maine opened its doors during spring 2011. The showroom is a cooperative venture bringing together 17 rep groups representing a multitude of fine manufacturers. Featured products include: gifts, publishers, stationery, children's, tabletop, home décor, jewelry, accessories and much more.

Stan Cornwall, manager of the marketplace said, "This is a successful formula – bringing buyers, reps and products together. We are going back to the basics and it is working! Buyers like to visit the marketplace to see and feel the products – we have been extremely busy! It is obvious this type of venue was much needed in this area!"

Cornwall added, "Due to the success of this marketplace, we are opening a second showroom in central CT during spring 2012." Look for additional details about **Marketplace Connecticut** soon.

The Saco Maine showroom is open the first and third Mondays of each month. Special buying events are scheduled frequently. Walk-ins are welcome and private appointments are available.
